

**Community Collaborative (Public Agencies, Parents, Private Non-Profits and Universities)**

**STRATEGIC PLANNING**

**System of Care Goals**

(Governance/collaboration, parent involvement, service delivery, data collection, pre-service and in-service training; etc.)

**Current Identified Priorities**

These priorities should be based on current data compiled, identified service gaps, quality improvement feedback, and workforce development needs

**Service Coordination Functions**

(Who does sit now; how might practice development be determined, what training is needed, how will practice change be monitored)

**Required Plans**

(Consider any required planning or reporting that crosses all existing initiatives that must be incorporated into a larger strategic plan)

**Sustainability Plan**

(How will plans be funded on an ongoing basis or what will be the plan to expand or blend current funding capacity))
